Welcome to our 2015/2016 Wine List.
Where you will find over 100 wines to choose from.

Here at Piccolo Mondo we love wine and are passionate about encouraging our wine loving customers to move on from their routine choice.

With our wine list you don't have to compromise on quality even when choosing from the lower end of this list.

Trends in wine and drinking habits changed over the years; for the full enjoyment of wine the **eye**, the **nose**, and the **palate** come into play.

Step 1 – the eye to appreciate the colour,
Step 2 - the nose to savour the aroma,
Step 3 – the palate for the enjoyment of the taste.

Wine should be drunk at leisure when full enjoyment can be derived by all senses.

Fine wine should be sipped rather than gulped.

Wine taken in moderation can be a wonderful gift.

It is a tonic not only for the body but to the spirit and can make a success of the dullest party.

Las Ondas

Extending south from Santiago as far as the Río Bío Bío, Chile's Central Valley is a long, narrow plain hemmed in by the Andes to the east and the coastal range to the west, with lateral river valleys running between the two. This is the most fertile land in Chile, and the immense orchards, vineyards and pastures that cover the valley floor form a dazzling patchwork of greenery. Even in urban zones, country ways hold sway, and the Central Valley is perhaps the only part of Chile where it is not uncommon to see horse-drawn carts plodding down the Panamericana Highway.
